Updated Needs Assessment & Activities

Updated Needs Assessment

- BSI teachers and instructional coaches plan curriculum and create common assessments.
- BSI teachers continually analyze student achievement with weekly TLT's (Teaching and Learning Teams).
- BSI will continue to place an emphasis on student leadership and 21st century life skills through an on-going partnership with Franklin Covey, infusing the 8 Habits of Highly Effective People to teach self-discipline, self-reliance, and increase self-confidence.
- BSI continues to focus on literacy and implementation of Read to Succeed through enhanced staff development with Guided Reading, LLI (Leveled Literacy Intervention), and writing workshops.
- BSI continues to expand the focus of authentic technologies to enhance classroom instruction and student achievement.
- BSI continues to use data to develop and enhance the instructional focus for achievement as indicated by MAP/SCPASS/SCREADY/iReady/F&P.
- BSI will continue to implement healthy school initiatives with the Mary Black Foundation Grant and the partnership with Partners for Active Living with an emphasis on health and nutrition for students and staff.
